

The Decision Center for a Desert City (DCDC) at Arizona State University and Arizona Project WET - Water Resources Research Center and Maricopa County Cooperative Extension - University of Arizona present an

ADVANCED WATER EDUCATION WORKSHOP: USING MODELS TO SIMPLIFY THE COMPLEX INTERACTIONS OF WATER IN THE VALLEY

Join us to enhance your knowledge about how scientists and engineers develop and use models to solve problems and ask questions about water in the city. After completing this workshop you will understand how:

- models are used to explain phenomena, analyze systems, and solve problems
- decision-makers deal with uncertainty in models
- modeling is an iterative process
- to use modeling in your classroom

Explore these and other themes as you meet researchers from ASU and U of A, local water and science experts, and adapt materials to enhance your current water education programs.

WHEN:

July 10-11, 2013
9:00 am to 4:00 pm daily

WHERE:

Arizona State University,
Decision Center for a Desert City
Brickyard Orchid House,
21 E. 6th Street, Suite 126-B, Tempe 85281

Stipend: \$100

Recertification credits available!

REGISTER AT: http://cals.arizona.edu/arizonawet/workshops/current_workshops.html

Registration is first come first served: maximum 35 participants

OR MAIL OR FAX THE INFORMATION TO:

Arizona Project WET
The University of Arizona
Water Resources Research Center
350 N. Campbell Ave.
Tucson, AZ 85719
FAX: 520.792.8518
