

December 6-9, 2010

**Gila River Indian Community
- Near Phoenix , Arizona, USA**

ACES, A Community on Ecosystem Services, brings together government, non-governmental organization, academia, tribal, and private sector leaders to advance the use of ecosystem services and related science in conservation, restoration, resource management, and development decisions. The primary objective of ACES is to provide an open forum to discuss the latest and most innovative methods, tools, and processes for assessing ecosystem services while facilitating their effective use in planning and decision making. The first ACES Conference held in 2008 in Naples, FL, USA brought together more than 350 participants from 38 states, 13 nations and 6 continents.

Be part of the ACES Community!

Join your Colleagues at ACES 2010.
