

Sustainability Teachers' Academy Lesson Plan

1-2-3 Presentations: Weird Foods

1-2-3 Presentations

1 Article read by your group

2 Minutes to share what you learned

3 People per group

Tips for making an effective slideshow presentation

Your slides should tell your story visually, while you tell your story verbally.

When it comes to text, less is more.

Think sleek and simple, not flashy and loud.

Overview

Each small group will have 25 minutes to read one recent article about these weird foods, and create a 1-2-3 Presentation to share with the class.

Presentation

Each presentation should

- Summarize the article and present the key points
- Discuss how the topic of the article relates to each of the Three Pillars of Sustainability
- Provide at least one example of how the topic of the article relates to your life

Articles

Group 1: [Invasive species: why not just eat them?](#)

Group 2: [Your post-workout protein shake should be loaded with insects](#)

Group 3: [Ugly fruits and vegetables on the march](#)

Group 4: [The problem with making meat in a factory](#)

Group 5: [As lionfish invade, conservationists say eat up](#)

Group 6: ["I am a dumpster diver, and I eat trash"](#)

Group 7: [In search of edible weeds](#)
