

Grant Title	Granting Organization	Purpose	Typical Amount	Match	Considerations	Typical Due Date	Weblink	Keywords
<b>Varies</b>	Arizona Community Foundation	The Arizona Community Foundation hosts an online application portal that provides access to a variety of grants.	Varies	N/A	Grants are made to 501(c)(3) nonprofit organizations, schools, faith-based organizations, Tribal entities and occasionally to government agencies. Grants are made statewide.	Ongoing	<a href="https://www.azfoundation.org/GrantsLoans/CurrentGrantOpportunities.aspx">https://www.azfoundation.org/GrantsLoans/CurrentGrantOpportunities.aspx</a>	N/A
<b>Water Quality Improvement Grant Program</b>	Arizona Department of Environmental Quality	The program strives to fund projects that implement sufficient, economically and scientifically sound management practices that result in quantifiable improvements to surface water quality	Varies per grant cycle, ranging from \$700,00-\$1.7 million in project funding available. Funds awarded per project.	40%	Projects must address water quality in specified watersheds.	November	<a href="http://legacy.azdeq.gov/envirom/water/watershed/improvement.html">http://legacy.azdeq.gov/envirom/water/watershed/improvement.html</a>	Water
<b>Western Wildland Urban Interface Grants</b>	Arizona Department of Forestry and Fire Management	Hazardous fuels reduction, information and education, and community and homeowner action.	\$5,000-\$200,000	50%	Priority given to communities that have a Community Wildlife Protect Plan (CWPP).	Early Summer	<a href="https://forestryandfire.az.gov/grants/hazard-fuels/sfa">https://forestryandfire.az.gov/grants/hazard-fuels/sfa</a>	Hazardous fuels, education, fire
<b>Volunteer Fire Assistance Grants</b>	Arizona Department of Forestry and Fire Management	Fire management and prevention activities such as training, equipping, and organizing rural fire departments.	\$1,000-\$10,000	50%	Only for local fire departments and fire districts servicing rural communities with a population of 10,000 or less.	December	<a href="https://forestryandfire.az.gov/grants/training-equipment/vfa">https://forestryandfire.az.gov/grants/training-equipment/vfa</a>	Fire
<b>Wildland Fire Hazardous Fuels Grants</b>	Arizona Department of Forestry and Fire Management	Reduce hazardous fuels to protect Arizona communities.	\$5,000-\$200,000	10%	Priority given to area projects within CWPPs and adjacent to USFS and BLM lands. (Information, education, and prevention work do NOT qualify.)	Feb-Mar	<a href="https://forestryandfire.az.gov/grants/hazard-fuels/wfhf">https://forestryandfire.az.gov/grants/hazard-fuels/wfhf</a>	Hazardous fuels
<b>Community Challenge Grants</b>	Arizona Department of Forestry and Fire Management	Encourage and promote citizen involvement in long-term and sustainable urban and community forestry programs at the local level.	\$5,000-\$20,000	50%	Priority given to urban forestry activities such as urban tree inventories and/or urban tree management programs. Variety of eligible projects.	October	<a href="https://forestryandfire.az.gov/grants/community/Community-Challenge-Grants">https://forestryandfire.az.gov/grants/community/Community-Challenge-Grants</a>	Urban forestry
<b>Tree Resource Enhancement &amp; Engagement (TREE) Grants</b>	Arizona Department of Forestry and Fire Management	Assists currently recognized Tree City USA communities and Tree Campus USA campuses with the management, improvement, or conservation of community trees.	\$1,500-\$5,000	50%	Projects include tree planting to reach canopy cover goals, tree inventory, removal or pruning of hazardous trees, tree ordinance review/development, etc.	Summer	<a href="https://forestryandfire.az.gov/grants/community/TREE-Grants">https://forestryandfire.az.gov/grants/community/TREE-Grants</a>	Urban forestry
<b>Invasive Plant Grants</b>	Arizona Department of Forestry and Fire Management	Management of invasive noxious plants that threaten forested, woodland, or rangeland areas in Arizona.	\$10,000-\$20,000	50%	Projects should principally involve invasive plant species found on the Arizona Noxious Weed List.	November	<a href="https://forestryandfire.az.gov/grants/forest-health/ippg">https://forestryandfire.az.gov/grants/forest-health/ippg</a>	Forest health
<b>Western Bark Beetle Initiative Grants</b>	Arizona Department of Forestry and Fire Management	Integrated pest management to mitigate future tree mortality caused by bark beetles.	\$20,000-\$100,000	50%	Priority given to projects that aim to treat larger number of acres.	November	<a href="https://forestryandfire.az.gov/grants/forest-health/wbbi">https://forestryandfire.az.gov/grants/forest-health/wbbi</a>	Forest health
<b>Biomass Enterprise Grants</b>	Arizona Department of Forestry and Fire Management	Preliminary engineering assessments, wood energy conversion feasibility studies, and wood fiber supply studies.	\$5,000-\$30,000	50%	Priority for projects sourced from landscape scale forest/woodland restoration activities or watershed protection and enhancement projects.	Quarterly	<a href="https://forestryandfire.az.gov/grants/utilization">https://forestryandfire.az.gov/grants/utilization</a>	Biomass

<b>Community Development Block Grant</b>	Arizona Department of Housing	CDBG provides grant opportunities for community revitalization to ensure decent housing, a suitable living environment and economic opportunity for rural Arizona.	Varies	N/A	The ADOH Community Development and Revitalization (CD&R) division provides CDBG funded grants to incorporated cities, towns and counties (excluding the counties of Maricopa and Pima and the cities and towns therein) who are non-entitlement and do not receive CDBG funds directly from HUD.	October	<a href="https://housing.az.gov/housing-partners/development-revitalization">https://housing.az.gov/housing-partners/development-revitalization</a>	Community development
<b>Heritage Fund Program</b>	Arizona Game & Fish Department	The Heritage Fund is used to protect endangered species, acquire habitat for the benefit of sensitive species, provide access to outdoor recreational opportunities, and educate children and adults about wildlife.	\$1,000-\$10,000	N/A	Potential grant recipients must have a project that is either located in Arizona or involves research in which the wildlife or its habitat is located in Arizona.	October	<a href="https://www.azgfd.com/Wildlife/HeritageFund/Program">https://www.azgfd.com/Wildlife/HeritageFund/Program</a>	Wildlife, recreation, education
<b>Community Giving</b>	Arizona Public Service (APS)	Fund organizations that contribute to the vitality of Arizona with an emphasis on: Civic and economic development, Human Services, Environment, Arts & culture, and Non-STEM education.	Varies	N/A	Nonprofits within APS service territories may apply once annually through an online application process. Organizations may request funding for multiple events by submitting an all-inclusive application itemizing each event. Requests may include cash and in-kind services such as printing, trash boxes and video production.	Ongoing	<a href="https://www.aps.com/en/communityandenvironment/charitablegiving/ourgivingprograms/Pages/community.aspx">https://www.aps.com/en/communityandenvironment/charitablegiving/ourgivingprograms/Pages/community.aspx</a>	Economic development, environment, arts, education
<b>Clean Water Revolving Fund</b>	Arizona Water Infrastructure Finance Authority (WIFA)	A financial assistance program for a wide range of water infrastructure projects, under 33 U.S. Code §1383. The program is a powerful partnership between EPA and the states that replaced EPA's Construction Grants program. States have the flexibility to fund a range of projects that address their highest priority water quality needs.	Varies per project	Must be paid back in full at a low-interest rate	Eligible applicants are public jurisdictions, but often not state or county projects.	Ongoing	<a href="http://www.azwifa.gov/loan-programs/?cw">http://www.azwifa.gov/loan-programs/?cw</a>	Water
<b>Drinking Water Revolving Fund</b>	Arizona Water Infrastructure Finance Authority (WIFA)	The Drinking Water State Revolving Fund (DWSRF) program is a federal-state partnership to help ensure safe drinking water. Created by the 1996 Amendments to the Safe Drinking Water Act (SDWA) the program provides financial support to water systems and to state safe water programs.	Varies per project	Must be paid back in full at a low-interest rate	Community water systems that are regulated by the Arizona Corporation Commission (ACC)	Ongoing	<a href="http://www.azwifa.gov/loan-programs/?dw">http://www.azwifa.gov/loan-programs/?dw</a>	Water

<b>Planning and Design Technical Assistance Program</b>	Arizona Water Infrastructure Finance Authority (WIFA)	The purpose of WIFA's Planning and Design Technical Assistance Program is to help prepare water and wastewater facilities for future infrastructure project construction.	\$35,000	40% (may be waived for green projects)	Awards are made to facilities with limited resources that need assistance in completing the planning and/or design phase of an infrastructure project.	July	<a href="http://www.azwifa.gov/technical-assistance-program/">http://www.azwifa.gov/technical-assistance-program/</a>	Water, green infrastructure
<b>Rural Water and Wastewater Lending</b>	CoBank	CoBank works with rural water and wastewater not-for-profit systems, municipalities, and investor-owned utility companies to provide interim and bridge financing, refinance of existing debt, term loans for system upgrades, and lines of credit.	Varies	Loan	CoBank works with water and wastewater not-for-profit associations, municipalities, and investor-owned utility companies to provide the funding required to meet their needs.	Ongoing	<a href="http://www.cobank.com/About-CoBank/Industries-We-Serve/Water.aspx">http://www.cobank.com/About-CoBank/Industries-We-Serve/Water.aspx</a>	Water, rural
<b>Environmental Education Grants</b>	EPA	This grant program provides financial support for projects that design, demonstrate, and/or disseminate environmental education practices, methods, or techniques.	Varies	N/A	Applicants must represent one of the following types of organizations to be eligible for an environmental education grant: local education agency, state education or environmental agency, college or university, non-profit organization as described in section 501(c)(3) of the Internal Revenue Code, noncommercial educational broadcasting entity, or tribal education agency (which includes schools and community colleges controlled by an Indian tribe, band, or nation)	April	<a href="https://www.epa.gov/education/environmental-education-ee-grants">https://www.epa.gov/education/environmental-education-ee-grants</a>	Education

<b>Brownfields Grant Funding</b>	EPA	<p>Assessment Grants (funded over three years)</p> <ul style="list-style-type: none"> <li>Community-wide or Site-Specific Applicants: Applicants may apply for up to \$200,000 in hazardous substances funding or up to \$200,000 in petroleum funding.</li> <li>Community-wide Applicants: Applicants applying for both hazardous substances funding and petroleum funding may request a combined total up to \$300,000; however the request for hazardous substances funding or petroleum funding cannot exceed \$200,000 for any one individual type of grant funding. For example, an applicant may apply for \$200,000 in hazardous substances funding and \$100,000 in petroleum funding.</li> <li>Assessment Coalition Applicants: Applicants may apply for up to \$600,000 in hazardous substances funding and/or petroleum funding.</li> </ul> <p>Cleanup Grants (funded over three years)</p> <ul style="list-style-type: none"> <li>Applicants can apply for up to \$200,000 per brownfield site and can submit up to three separate, site-specific cleanup proposals.</li> </ul>	Varies	N/A	To be eligible to receive a Cleanup Grant the applicant must be the sole owner of the site that is the subject of its cleanup grant proposal and must own the site before submitting the application.	December	<a href="https://www.epa.gov/brownfields/apply-brownfields-grant-funding">https://www.epa.gov/brownfields/apply-brownfields-grant-funding</a>	Brownfields, pollution, superfund
<b>Pollution Prevention Grant Program</b>	EPA	This program funds grants/cooperative agreements that implement pollution prevention technical assistance services and/or training for businesses and support projects that utilize pollution prevention techniques to reduce and/or eliminate pollution from air, water and/or land.	\$40,000 - \$360,000	50%	<p>Proposals must address one of the following regulatory criteria to merit further review:</p> <ul style="list-style-type: none"> <li>-Make specific technical assistance available to businesses seeking information about source reduction opportunities, including funding for experts to provide on-site technical advice to businesses and to assist in the development of source reduction plans.</li> <li>-Target assistance to businesses for whom lack of information is an impediment to source reduction.</li> <li>-Provide training in source reduction techniques.</li> </ul>	May	<a href="https://www.epa.gov/p2/grant-programs-pollution-prevention">https://www.epa.gov/p2/grant-programs-pollution-prevention</a>	Pollution

<b>Clean Diesel National Grants</b>	EPA	Supports projects that achieve significant reductions in diesel emissions in terms of tons of pollution produced by diesel engines and diesel emissions exposure, particularly from fleets operating at or servicing goods movement facilities located in areas designated as having poor air quality.	\$500,000 - \$4,400,000	Voluntary	Priority for funding may be given to projects which result in outcomes that benefit affected communities, those that engage local communities with respect to the design and performance of the project, and those which can demonstrate the ability to promote and continue efforts to reduce emissions after the project has ended.	April	<a href="https://www.epa.gov/cleandiesel/clean-diesel-national-grants">https://www.epa.gov/cleandiesel/clean-diesel-national-grants</a>	Transportation, emissions
<b>Exchange Network Grant Program</b>	EPA	The Exchange Network Grant Program provides funding to states, territories and federally recognized Indian tribes to support the development of the Environmental Information Exchange Network (EIEN). The primary outcome expected from Exchange Network assistance agreements is improved access to, and exchange of, high-quality environmental data from public and private sector sources. Applications should demonstrate support for and results toward EIEN program priorities.	\$50,000-\$300,000	N/A	Eligible applicants for the Exchange Network Grant program include states, U.S. Territories (i.e., American Samoa, the Commonwealth of the Northern Mariana Islands, the District of Columbia, Guam, Palau, Puerto Rico, the U.S. Virgin Islands), federally recognized Indian tribes and native villages, and inter-tribal consortia of federally recognized tribes (e.g., the Northwest Indian Fisheries Commission).	November	<a href="https://www.epa.gov/exchangenetwork/exchange-network-grant-program">https://www.epa.gov/exchangenetwork/exchange-network-grant-program</a>	Data
<b>Clean Diesel National Grants</b>	EPA	EPA's Diesel Emission Reduction Program (DERA) offers funding in the form of grants and rebates for projects that protect human health and improve air quality by reducing harmful emissions from diesel engines.	Varies	Varies	Eligible entities include regional, state, or local agencies, tribal governments (or intertribal consortia) and native villages, or port authorities, which have jurisdiction over transportation or air quality, and nonprofit organizations or institutions that: a) represent or provide pollution reduction or educational services to persons or organizations that own or operate diesel fleets or b) have, as their principal purpose, the promotion of transportation or air quality.	April	<a href="https://www.epa.gov/cleandiesel/clean-diesel-national-grants">https://www.epa.gov/cleandiesel/clean-diesel-national-grants</a>	Transportation
<b>Environmental Justice Small Grants Program</b>	EPA Office of Environmental Justice	The Environmental Justice Small Grants (EJSG) Program provides funding for eligible applicants for projects that address local environmental and public health issues within an affected community. The EJSG Program is designed to help communities understand and address exposure to multiple environmental harms and risks.	\$30,000	N/A	Applying organizations are encouraged to have a direct connection to the vulnerable affected, community impacted by environmental harms and risks.	January	<a href="https://www.epa.gov/environmentaljustice/environmental-justice-small-grants-program">https://www.epa.gov/environmentaljustice/environmental-justice-small-grants-program</a>	Environment, health, pollution, community development, community revitalization

<b>Building Blocks for Sustainable Communities</b>	EPA Smart Growth Technical Assistance	Targeted technical assistance to communities using a variety of tools that have demonstrated results and widespread application.	Technical Assistance	N/A	Priority given to local governments or nonprofit organizations on behalf of a community	October	<a href="https://www.epa.gov/smartgrowth/building-blocks-sustainable-communities">https://www.epa.gov/smartgrowth/building-blocks-sustainable-communities</a>	Community development
<b>Cool &amp; Connected</b>	EPA Smart Growth Technical Assistance	Helps communities use broadband service to revitalize main streets and promote economic development.	Technical Assistance	N/A	Special consideration given to small towns and rural communities that face economic challenges and communities in places where USDA had provided loans or grants in support of broadband or other internet-related services.	Fall	<a href="https://www.epa.gov/smartgrowth/cool-connected">https://www.epa.gov/smartgrowth/cool-connected</a>	Economic development
<b>Local Foods, Local Places</b>	EPA Smart Growth Technical Assistance	Aims to boost economic opportunities for local farmers and businesses and improve access to healthy foods.	Technical Assistance	N/A	Special considerations given to programs serving disadvantaged populations.	Fall	<a href="https://www.epa.gov/smartgrowth/local-foods-local-places">https://www.epa.gov/smartgrowth/local-foods-local-places</a>	Food systems
<b>Healthy Places for Healthy People</b>	EPA Smart Growth Technical Assistance	Helps communities create walkable, healthy, economically vibrant places by engaging with their health care facility partners.	Technical Assistance	N/A	Special considerations given to applicants representing a community/health care facility partnership and communities that are economically distressed and/or underserved.	Fall	<a href="https://www.epa.gov/smartgrowth/healthy-places-healthy-people">https://www.epa.gov/smartgrowth/healthy-places-healthy-people</a>	Community development
<b>Greening America's Communities</b>	EPA Smart Growth Technical Assistance	Helps cities and towns develop an implementable vision of environmentally friendly neighborhoods that incorporate innovative green infrastructure and other sustainable design strategies.	Technical Assistance	N/A	In the past, eligible applicants have been limited to cities of a certain size or that are participating in additional programs.	Fall	<a href="https://www.epa.gov/smartgrowth/greening-americas-communities">https://www.epa.gov/smartgrowth/greening-americas-communities</a>	Community development, green infrastructure
<b>Smart Growth Implementation Assistance</b>	EPA Smart Growth Technical Assistance	Provides tailored help to communities seeking innovative solutions to growth and development challenges.	Technical Assistance	N/A	EPA works with regional staff to identify and select communities for this assistance.	Yearly	<a href="https://www.epa.gov/smartgrowth/smart-growth-implementation-assistance">https://www.epa.gov/smartgrowth/smart-growth-implementation-assistance</a>	Community development
<b>Partners for Places</b>	Funder's Network	Partners for Places is a successful matching grant program that improves U.S. and Canadian communities by building partnerships between local government sustainability leaders and place-based foundations. National funders invest in local projects developed through these partnerships to promote a healthy environment, a strong economy, and well-being for all residents. Through these investments, Partners for Places fosters longterm relationships that make our urban areas more prosperous, livable, and vibrant.	\$25,000-\$150,000	1:1	Successful proposals are for projects that the local government sustainability leaders and local, placebased funder(s) consider important to the community. The project must either 1) advance a key aspect of one of the plans listed below, 2) support creation of a sustainability or climate action plan that meets our minimum requirements, or 3) address an area identified for performance improvement or implementation for Certified STAR Communities.	January	<a href="http://www.fundersnetwork.org/partnersforplaces">http://www.fundersnetwork.org/partnersforplaces</a>	Community development

<b>Indian Community Development Block Grant</b>	HUD Southwest Office of Native American Programs	Provides funding for recipients in infrastructure construction, such as water and sewer facilities.	Varies by region	N/A	Eligible applicants for assistance include any Indian tribe, band, group, or nation (including Alaska Indians, Aleut, and Eskimos) or Alaska Native village which has established a relationship to the Federal government as defined in the program regulations. In certain instances, tribal organizations may be eligible to apply.	June	<a href="http://portal.hud.gov/hudportal/HUD?src=/program_offices/public_indian_housing/ih/grants/icdbg">http://portal.hud.gov/hudportal/HUD?src=/program_offices/public_indian_housing/ih/grants/icdbg</a>	Water, tribal
<b>Our Town</b>	National Endowment for the Arts	The Our Town grant program supports creative placemaking projects that help to transform communities into lively, beautiful, and resilient places with the arts at their core. Creative placemaking is when artists, arts organizations, and community development practitioners deliberately integrate arts and culture into community revitalization work - placing arts at the table with land-use, transportation, economic development, education, housing, infrastructure, and public safety strategies. This funding supports local efforts to enhance quality of life and opportunity for existing residents, increase creative activity, and create a distinct sense of place.	\$25,000-\$200,000	1:1	Eligible lead applicants are: -Nonprofit tax-exempt 501(c)(3) U.S. organizations with a documented three-year history of programming. -Local governments. For the purposes of these guidelines, local governments are defined as counties, parishes, cities, towns, villages, or federally recognized tribal governments. Local arts agencies or other departments, agencies, or entities within an eligible local government may submit the application on behalf of that local government. The following do not qualify as local governments: state level government agencies, other state-designated entities, state higher education institutions, regional governments and entities, quasi-government organizations, regional planning organizations, and business improvement districts.	April	<a href="https://www.arts.gov/grants-organizations/our-town/introduction">https://www.arts.gov/grants-organizations/our-town/introduction</a>	Community development
<b>Supporting On-the-ground Work On Our National Forests</b>	National Forest Foundation	The National Forest Foundation (NFF) Matching Awards Program (MAP) provides funding for results-oriented on-the-ground projects that enhance forest health and outdoor experiences on National Forests and Grasslands.	~\$30,000	1:1	In order to be eligible for MAP funding, projects must contain significant, legitimate community involvement or civic engagement in the pre-implementation, implementation, or post-implementation phase. Eligibility: 501(c)(3) nonprofits, universities, and Native American tribes are eligible to receive MAP grants. If an organization does not meet this eligibility requirement, it must utilize an eligible fiscal sponsor.	January	<a href="https://www.nationalforests.org/grant-programs/map">https://www.nationalforests.org/grant-programs/map</a>	Forest health, recreation

<b>Rivers, Trails and Conservation Assistance Program</b>	National Parks Service	The Rivers, Trails and Conservation Assistance program extends and expands the benefits of the National Park Service throughout the nation to connect all Americans to their parks, trails, rivers, and other special places. Our staff helps community groups, National Parks, nonprofits, state and local governments, tribes plan parks and trails, conserve and improve access to rivers and natural areas, and create recreation opportunities through locally led partnerships.	Technical Assistance	N/A	Project partners may be nonprofit organizations, community groups, tribes or tribal governments, and local, state, or federal government agencies.	August	<a href="https://www.nps.gov/orgs/rtca/index.htm">https://www.nps.gov/orgs/rtca/index.htm</a>	Community development, recreation
<b>Rural Water Loan Fund</b>	National Rural Water Association	The Rural Water Loan Fund (RWLF) is a funding program specifically designed to meet the unique needs of small water and wastewater utilities. The RWLF provides low-cost loans for short-term repair costs, small capital projects, or predevelopment costs associated with larger projects.	\$100,000	Loan; must be paid back over 10 years	Eligible projects include: Pre-development (planning) costs for infrastructure projects; Replacement equipment, system upgrades, maintenance and small capital projects; Energy efficiency projects to lower costs and improve system sustainability; Disaster recovery or other emergency loans are available.	Ongoing	<a href="http://nrwa.org/initiatives/revolving-loan-fund/">http://nrwa.org/initiatives/revolving-loan-fund/</a>	Water, rural
<b>Communities Unlimited Water/Wastewater Loans</b>	Rural Community Assistance Partnership	Communities Unlimited offers loans with terms up to 15 years for small, rural community water/wastewater projects. Loans enable rural communities to make the necessary repairs and improvements needed to maintain an uninterrupted supply of safe drinking water and wastewater disposal for their customers.	Varies	Loan	Projects must be located in rural areas with populations of 50,000 or less. Eligible projects include water, wastewater, solid waste and storm water facilities that primarily serve lower-income rural communities.	Ongoing	<a href="http://www.rcac.org/lending/environmental-loans/">http://www.rcac.org/lending/environmental-loans/</a>	Water, solid waster, rural
<b>Community Grants</b>	Salt River Project (SRP)	SRP's Corporate Contributions program aims to make the community a better place for our customers and employees to live and do business. They fund projects relating to arts and culture, environment and civic engagement, education, and health and human services.	Varies	N/A	SRP welcomes grant applications from non-profit, tax-exempt organizations that use an IRS tax code 501 (c)(3) or qualifying equivalent. The organization must be located in, and primarily serve communities where SRP provides electrical or water service or provides employment associated with power generating facilities.	Ongoing	<a href="http://www.srpnet.com/community/contributions/default.aspx#enviro">http://www.srpnet.com/community/contributions/default.aspx#enviro</a>	Arts, environment, education, health, community development

<b>Small-Scale Manufacturing and Place-Based Economic Development Workshops</b>	Smart Growth America	In partnership with the U.S. Economic Development Administration and Recast City, Smart Growth America is offering free technical assistance to community leaders interested in using small-scale manufacturing to help revitalize a downtown or neighborhood and create economic opportunity. Communities selected for this opportunity will receive a professionally facilitated two- to three-day workshop, followed by a customized action plan that identifies next steps and resources available for implementation.	Technical Assistance	N/A	Any units or subdivisions of regional, local, or tribal government, as well as non-profits and non-governmental organizations such as community development corporations and community foundations, are eligible to apply.	January	<a href="https://smartgrowthamerica.org/work-with-us/apply-for-our-free-technical-assistance/small-scale-manufacturing/">https://smartgrowthamerica.org/work-with-us/apply-for-our-free-technical-assistance/small-scale-manufacturing/</a>	Economic development, community development
<b>WaterSMART Grants</b>	U.S. Bureau of Reclamation	Projects should seek to conserve and use water more efficiently, increase the use of renewable energy, protect endangered species, or facilitate water markets.	Varies	50%	Projects are selected through a competitive process and the focus is on projects that can be completed within 24 months that will help sustainable water supplies in the western United States.	November	<a href="http://www.usbr.gov/watersmart/grants.html">http://www.usbr.gov/watersmart/grants.html</a>	Water
<b>Conservation Innovation Grants</b>	U.S. Department of Agriculture Natural Resources Conservation Service	Conservation Innovation Grants (CIG) are competitive grants that stimulate the development and adoption of innovative approaches and technologies for conservation on agricultural lands.	\$2,000,000	50%	CIG uses Environmental Quality Incentives Program (EQIP) funds to award competitive grants to non-Federal governmental or nongovernmental organizations, American Indian Tribes, or individuals. Producers involved in CIG funded projects must be EQIP eligible.	January	<a href="https://www.nrcs.usda.gov/wps/portal/nrcs/main/national/programs/financial/cig/">https://www.nrcs.usda.gov/wps/portal/nrcs/main/national/programs/financial/cig/</a>	Resource conservation, agriculture
<b>Rural Community Development Initiative Grants</b>	U.S. Department of Agriculture Rural Development	To improve housing, community facilities, and community and economic development projects in rural areas.	\$50,000-\$250,000	Matching fund requirement equal to amount of grant	Rural and rural area--Any area other than (i) a city or town that has a population of greater than 50,000 inhabitants; and (ii) the urbanized area contiguous and adjacent to such city or town.	May	<a href="https://www.rd.usda.gov/programs-services/rural-community-development-initiative-grants">https://www.rd.usda.gov/programs-services/rural-community-development-initiative-grants</a>	Community development, rural
<b>Water &amp; Waste Disposal</b>	U.S. Department of Agriculture Rural Development	Provides funding for clean and reliable drinking water systems, sanitary sewage disposal, sanitary solid waste disposal, and storm water drainage to households and businesses in eligible rural areas.	Varies	Up to 40-year payback period, based on the useful life of the facilities financed; grants may be available depending on funding	Rural areas and towns with fewer than 10,000 people, Tribal lands in rural areas, Colonias	Ongoing	<a href="https://www.rd.usda.gov/programs-services/water-waste-disposal-loan-grant-program">https://www.rd.usda.gov/programs-services/water-waste-disposal-loan-grant-program</a>	Water, rural

<b>Solid Waste Management Grants</b>	U.S. Department of Agriculture Rural Development	This program helps reduce or eliminate pollution of water resources through funding for organizations that provide technical assistance or training to improve the planning and management of solid waste sites.	Varies	N/A	Special consideration may be given for projects serving: -an area with fewer than 5,500 or fewer than 2,500 people; -regional, multi-state or national areas; or -lower-income populations.	December	<a href="https://www.rd.usda.gov/programs-services/solid-waste-management-grants">https://www.rd.usda.gov/programs-services/solid-waste-management-grants</a>	Solid waste
<b>Wildlife and Sport Fish Restoration Program</b>	U.S. Department of the Interior, Fish and Wildlife Service	The State Wildlife Grant (SWG) Program provides States, the District of Columbia, Commonwealths, and territories (States) Federal grant funds to develop and implement programs for the benefit of wildlife and their habitats, including species that are not hunted or fished.	\$50,000-\$500,000	25%	Eligibility is limited to State agencies with lead management responsibility for fish and wildlife resources in each of the 50 States, the District of Columbia, Commonwealths of Puerto Rico and the Northern Mariana Islands, and the territories of American Samoa, Guam, and the U.S. Virgin Islands, and to the four Associations of Fish and Wildlife Agencies applying on behalf of eligible State agencies. Eligible State agencies must have a Plan that has been revised within the last ten years and has been approved by the Director of the U.S. Fish and Wildlife Service, or is currently under review by a Regional Review Team (RRT). States that have not submitted a revised Plan to an RRT by the closing date of this competition (February 3, 2017) are ineligible for FY 2017 C-SWG Program funding as a lead State, a participant State, or as a sub-grantee to another State or Association. Associations with 501(c)(3) status must provide a copy of their non-profit status determination letter received from the Internal Revenue Service.	February	<a href="https://wsfrprograms.fws.gov/home.html">https://wsfrprograms.fws.gov/home.html</a>	Wildlife, wildlife conservation
<b>Endangered Species Grants</b>	U.S. Department of the Interior, Fish and Wildlife Service	The Cooperative Endangered Species Conservation Fund (section 6 of the ESA) is a tool that provides grants to states and territories to participate in a wide array of voluntary conservation projects for candidate, proposed, and listed species.	Varies	25%	The program provides funding to states and territories for species and habitat conservation actions on non-federal lands.	January	<a href="https://www.fws.gov/endangered/grants/grant-programs.html">https://www.fws.gov/endangered/grants/grant-programs.html</a>	Wildlife, wildlife conservation, endangered species

<b>Livability Grants</b>	U.S. Department of Transportation	There are a large number of programs and grants within the Department of Transportation that support projects that enhance or relate to livability, including: Surface Transportation Improvement, Accessibility to Disadvantaged Populations, Fixed Guideway Systems, Rail, Surface Transportation Planning, Bike/Pedestrian, Marine Transport, Air Transport, and Research & Miscellaneous.	Varies	N/A	Varies per program	Varies per program	<a href="https://www.transportation.gov/livability/grants-programs">https://www.transportation.gov/livability/grants-programs</a>	Transportation, community development
<b>TIGER Discretionary Grants</b>	U.S. Department of Transportation	The Transportation Investment Generating Economic Recovery, or TIGER Discretionary Grant program, provides a unique opportunity for the DOT to invest in road, rail, transit and port projects that promise to achieve national objectives.	Varies	20%	Applicants must detail the benefits their project would deliver for five long-term outcomes: safety, economic competitiveness, state of good repair, quality of life and environmental sustainability. DOT also evaluates projects on innovation, partnerships, project readiness, benefit cost analysis, and cost share.	February	<a href="https://www.transportation.gov/tiger">https://www.transportation.gov/tiger</a>	Transportation
<b>Fixing America's Surface Transportation (FAST)</b>	U.S. Department of Transportation	Includes funding for new competitive grant programs for buses and bus facilities, innovative transportation coordination, workforce training, and public transportation research activities. <b>Healthy Watersheds Consortium Grant</b>	U.S. Endowment for Forestry & Communities, Inc.	The Healthy Watersheds Consortium Grant Program goal is to accelerate strategic protection of healthy, freshwater ecosystems and their watersheds. Therefore, the primary focus for applicants should be protection and stewardship of the landscape that comprises the watershed, rather than restoration of degraded habitats or projects with a strictly water quality improvement outcome.	\$50,000+	25%	Not-for-profit 501(c)(3) organizations, for-profit companies, tribes, intertribal consortia, interstates, state, and local government agencies including water utilities and wastewater facilities, and colleges and universities are eligible for funding. Unincorporated individuals and federal agencies are not eligible. Public/private partnerships are particularly desirable.	February	<a href="http://www.usendowment.org/healthywatersheds.html">http://www.usendowment.org/healthywatersheds.html</a>	Water
<b>Innovation Grants</b>	Vitalyst Health Foundation	Vitalyst Health Foundation is on a mission to inform, connect and support efforts to improve the health of individuals and communities in Arizona. The Innovation Grant process is designed to identify and invest in the development or demonstration of new ways to positively address complex issues that drive healthier outcomes.	\$75,000 - \$125,000	N/A	Community Innovation: <ul style="list-style-type: none"> <li>• Meaningfully engages key stakeholders.</li> <li>• Willingly shares ownership and decision-making among partners.</li> <li>• Creatively uses existing community resources and assets.</li> <li>• Collectively practices testing and implementing solutions.</li> </ul>	October	<a href="http://vitalysthealth.org/innovation-grants/">http://vitalysthealth.org/innovation-grants/</a>	Community development, health
<b>Environmental Solutions for Communities</b>	Wells Fargo	Funding priorities for this program include: <ul style="list-style-type: none"> <li>-Supporting sustainable agricultural practices and private lands stewardship</li> <li>-Conserving critical land and water resources and improving local water quality</li> <li>-Restoring and managing natural habitat, species and ecosystems that are important to community livelihoods</li> <li>-Facilitating investments in green infrastructure, renewable energy and energy efficiency</li> <li>-Encouraging broad-based citizen participation in project implementation.</li> </ul>	\$25,000 to \$100,000.	N/A	Supporting sustainable agricultural practices and private lands stewardship; Conserving critical land and water resources and improving local water quality; Restoring and managing natural habitat, species and ecosystems that are important to community livelihoods; Facilitating investments in green infrastructure, renewable energy and energy efficiency; and Encouraging broad-based citizen and targeted youth participation in project implementation.
