CAREER COUNSELING
(and much more!)

MEET WITH
MIKE DEMLONG
Arizona Game and Fish Department Liaison to SOLS

- Get advice from someone in the field (rather than your professors!)
- Learn what skills and qualifications natural resource agencies (state and federal), non-government organizations (non-profits - such as The Nature Conservancy, zoos, conservation organizations), and private (e.g. environmental consulting) firms are looking for in job candidates
- Above and beyond your baseline SOLS degree requirements, what courses are necessary to qualify for various state and federal positions (such as jobs for Wildlife Biologist in the federal hiring system)?
- How do you construct a meaningful and effective résumé, and what information should you include in a cover letter when applying for a job?

WHERE
LSC 278
the "Hotspots"
room

Thursday – 14 January
Special hours: 10:00 – 3:00
Wednesday – 20 January
Special hours: 10:00 – 3:00
Thursday – 11 February
Wednesday – 24 February

DATES

Monday – 14 March
Tuesday – 29 March
Wednesday – 14 April
+ appointments at AGFD Office*

WHEN
11:00 AM – 1:30 PM
